SUMMARY

I am a Senior Backend Engineer with over 8 years of experience in designing scalable Ruby on Rails applications and high-performance RESTful APIs. I specialize in PostgreSQL performance tuning, distributed background processing, and AWS cloud deployments. My key achievements include improving system reliability and mentorship of engineering teams, always advocating for clean architecture and Test-Driven Development.

EXPERIENCE

Senior Software Engineer

Nagarro

📅 01/2023 📍 Gurgaon, India

A leading global technology and services company

- Led backend architecture for high-throughput Rails-based API systems
- Improved API response time by 25% through PostgreSQL query optimization and indexing
- Designed secure OAuth2 authentication across services
- Built scalable asynchronous workflows using Sidekiq and Redis
- Mentored 5 engineers and improved sprint productivity by 15%

Senior Software Engineer

GlobalLogic

📅 08/2021 - 11/2022 📍 Noida, India

A full-service software development firm

- Architected scalable RESTful APIs improving platform efficiency by 20%
- Developed 200+ RSpec test cases reducing production defects by 40%
- Enhanced database performance via query tuning and indexing
- Maintained 98% SLA compliance and strong client satisfaction

Software Engineer

Maropost

📅 10/2020 - 08/2021 📍 Mohali, India

A marketing automation software company

- Improved backend automation APIs for marketing workflow systems
- Reduced manual operational overhead by 30%
- Implemented 150+ automated test cases to improve release stability

Open-Source Associate Technology

Zapbuild

📅 05/2019 - 10/2020 📍 Mohali, India

A web and mobile application development company

- Enhanced 20+ modular Rails components improving engagement by 15%
- Optimized application performance reducing load time by 20%

Programmer Analyst

Algowire

📅 02/2018 - 04/2019 📍 New Delhi, India

An IT services company specializing in application development

- Built 30+ responsive Rails and AngularJS interfaces
- Refactored legacy modules improving page performance by 20%

EDUCATION

Master of Computer Applications

Kanpur Institute of Technology

📅 08/2015 - 05/2018 📍 Kanpur, Uttar Pradesh, India

Bachelor of Science

Siddharth Mahavidyalaya

📅 08/2012 - 05/2015 📍 Uttar Pradesh, India

SKILLS

Languages & Frameworks:

Ruby Ruby on Rails AngularJS

Backbone.js

Databases:

PostgreSQL MySQL MongoDB

DevOps & Tools:

AWS (EC2, S3, RDS, SES) Docker

Other:

RSpec RESTful APIs Redis Git

HTML CSS JavaScript JQuery
